

Good Morning Mr. Donfried,

I support your work to revive Berlin's Amerika Haus (America House) and to keep this historical institution active as a representation of American culture and values abroad, and valuable bridge between the next generations of American and German citizens. I am happy to hear that following the closure of the building in 2006, the Institute for Cultural Diplomacy (IDC) has worked with a number of individuals and organizations in Berlin's civil society to re-establish Berlin's Amerika Haus and preserve its tradition as a center for the general public.

Sincerely,
Senator Ophelia Ford

SENATOR OPHELIA E. FORD
